

How Employee Wellness Can Impact Your Bottom Line

Join us for a Worksite Wellness Networking and Training Event

Healthy bottom lines begin with healthy employees. When employees are ill or absent, your organization's productivity, employee morale, revenues and benefit expenses can all be negatively impacted. Join us to learn practical strategies that you can take to maximize both employee wellness and your organization's bottom line.

This event is designed for a high-level conversation about the impact of employee wellness on an organization. Please consider inviting executives and decisionmakers within your organization to hear from these business leaders and enjoy a great networking opportunity, too!

- **Toby Freier**, president of New Ulm Medical Center, will share why caring about employee wellness can make a positive impact on your organization's financial health.
- **Jim St. Peter**, operations manager at Firmenich, will share how their manufacturing facility works to promote employee wellness and good attendance, which is absolutely critical to ensuring success with its weekly rotating shift schedules and 24-hour-a-day operations.

January 18, 2018

Time: 11:30 a.m. to 1 p.m.
Location: Firmenich
100 N. Valley St., New Ulm
Cost: FREE lunch courtesy of Firmenich and provided by Hy-Vee
RSVP: Required by January 12 to info@heartsbeatback.org

THANK YOU to all of the New Ulm-area worksite wellness leaders who are joining us each quarter to learn, share and find solutions to common challenges in building a culture of health at the worksite. Together we can make a difference.
